Once in a lifetime opportunity to travel the lower 48 and get paid while having fun. We are currently looking for 3 ladies to travel to venues across the United States marketing various items at concerts, car shows, rodeos, gun shows, convention centers, etc. Typical attire is fairly revealing, but no nudity is required. All functions are family friendly. Extensive travel requirements up to 75% of the year. Last year our models made around \$175,000 and all accommodations are paid for, even meals. Pay varies a little as you are not required to attend all venues. The more you participate in obviously the better your pay.
