Seeking ModelMuseAssistant, female preferred (berkeley)

California Location https://www.genclassifieds.com/x-721251-z

I'm looking for a muse to try out different ideas both in studio and on location and it would be ideal if also would have some skills to help out behind the scenes in the studio too! If you have any search engine optimization, writing, marketing, or editing skills they would be well valued!

This is a gig for the fall but there is chance some work could continue if it's a mutual fit. Certainly by the end of the gig you could expect to not only have made some money but also have all the images you would need for a modeling portfolio!

If this sounds interesting, please reply with your resume or linkedin, what you would like to get out of this experience and a link to a portfolio if you already have one (otherwise a photo or two)
