

## ( Lost COCKATIEL (My Post 1) (Culver City)

Location **California**  
<https://www.genclassifieds.com/x-721252-z>

My neighbor's cockatiel is lost again. Last year I found the bird and then found out it was one of my neighbor's birds.

He has been missing since March 23rd, 2015

I last saw him at the corner of Elenda and Wagner in Culver City which is near Overland and Culver.

If you see him please let me know! He does a wolf whistle...you know, a whistle that a guy whistles at a pretty girl.

We have created a group on Facebook for lost and found pet birds...please join, share and post your lost or found bird..
