Hello everyone I'm 29 years old single mom and currently expecting my second child, My due date is in Dec, 14/15 I was working at Wal-Mart \$9/HR Part time cashier but as of this moment I am on a medical leave from Nov 30th for 6 weeks and then I have to go back to work. Recently I had car problems my car overheated I had radiator replaced and my car worked o k until a week later wouldn't start. I towed my car to several mechanics but they all don't wanna touch it simply saying your engine is bad. I towed the car to the actual dealership and it's been a week haven't heard anything I'm so devastated my last paycheck went on my car. The car was just purchased 3 months ago in state of NV and the seller won't do anything about it sold "as is" I'm very devastated because I don't have any family members for support and I wasn't able to save up any money. my kids dad doesn't help me I'm in need of a better pay job and with the car repairs. I have clean background no criminal record. I Am in desperate need of help. I Am not asking for cash but if I can get any help. Thank you
