Aloha from UpCountry,

i'm looking to connect with musicians who really love Eric Gales' guitar music & street message & the whole, evolving post-Jimi Hendrix Electric Church music that is totally HOT 'n' happening to my Blues Gypsy heart = Eric Gales, Lance Lopez, Doug Pinnick, John Mayer &, of course, Randy Hansen.

anyway, if you are really into the whole post-Hendrix guitar scene as well as Eric's musicplease send me an email so i know there are kindred souls who might want to talk story... or get together & jam? Blues Gypsy// Funk 'n' Flamenco = 280
