Thanks for taking the time to read our ad. We specialize in plumbing service and bathroom/ kitchen remodeling. We are a small company and are increasing our customer base in the gulf coast region. Our overhead is fairly low, and this keeps our rates below the competition.

Our plumbing service handles all residential plumbing except drain cleaning. We install and service water heaters, laundry boxes, hose bibs, sump pumps, grinder pumps, shower/tub valves, water/drain piping, PRV's, sinks, faucets, ice maker lines, garbage disposals, water closets, water service, and specialty plumbing items.

Our remodeling service covers all aspects of the project you are thinking about starting. We specialize in bathroom and kitchen remodels. We work close with our customers to be sure we fully understand their vision. We then go over all options to help us achieve our goal. After we reach an understanding, we then draw up our contract. After which your project has my undivided attention. Everything from conception to finish.

Please feel free to call and set up your estimate and/or plumbing service. Jason.

Please check out and like my page on Facebook, Nicodemus Improvements.

I look forward to the possibility of doing business with.
