I will be accepting anyone's broken or unused laptops, tablets, or cell phones, I am currently fixing broken laptops and such to give to people that could use them. I also repair, rebuild, or custom build desktops as well. If you are anything like me then you probably have a box of fixable stuff just sitting there going to waste in the closet never to be seen again... Just bring it by here and I will put it to good use. Send me a text or message letting me know what the item is and whats wrong with it. Too many of these devices are going to landfills and they don't break down so please do not throw these things away with their toxic batteries, I can do that for you... If it is not.
