

## Independent film (Clermont Orlando)

Location

**Florida**

<https://www.genclassifieds.com/x-723768-z>

I am interested in making an independent horror film about a secret facility that puts youths through trauma based mind control through the use of drugs, torture, experiments to turn them into mind controlled slaves. With the help of an outsider the slaves regain control and slaughter their oppressors.

I am looking for a few people who are interested in putting together a script with me. Send me an email if.
