I do body work and painting. 26 years experience in a body shop. I placed 7th in the woodward cruise contest after complete body work and painting a classic car. I charge \$125 a panel for painting (most cars) . I will beat any shop price. call me for free estimate or bring your car. Most bumper repairs also \$125. You cant beat the quality and price. no way.

I can turn accident cars into like new again. no job too big or too.
