

## **ISO Siberian Husky**

Location **Hawaii** https://www.genclassifieds.com/x-723831-z

I am in search of a Siberian Husky.

No papers needed.

Gender does not matter.

Preferably, mostly potty trained or of adult age due to requests made by our landlord.

I am hoping to surprise my husband on Christmas day with a new furry family member.

And I'm hoping to give the furry guy/ girl a new forever home.

We are very active people and understand the attention and demands that come with taking care of a Siberian Husky.

We currently have two cats (dog friendly) and a fenced backyard.

My husband and I have contacted many people and have always been a little too late when it came to visiting and hoping to adopt.

I am going to continue my search but if anyone happens to come across or know of an available Siberian Husky, we are more than ready to give them a forever home.
