FREE DENTAL TREATMENT (BROOKLYN)

FREE DENTAL CLEANING!!!

Have braces?

Have some deep smoking stains?

I am offering a free dental cleaning, services provided at New York City College of Technology.

Cleanings are done in school, with doctors and dentist on the floor.

Those braces are tough to reach, and those stains are hard to get rid of, so let me help you!

Have your smile looking great for the holidays and you feeling your best!

I am willing to work around your schedule!

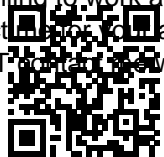

Contact me to make an appointment and we can talk about all your WHITENING and TMEN issues and your new alignment !

DO NOT contact me with unrelated services
