HASTINGS, NEBRASKA

Please help me find my moms Chihuahua. My mom can't find him anywhere. He's been missing since 3AM 12/7/15.

He's Tan and White. His ears stand up and his tail curls. He last weighed 7lbs. He's small and slender but healthy. He is not micro chipped. He has a collar on. He was last seen off Bateman Street in Hastings, Nebraska.

He is an intact male Chihuahua. Short hair. His name is Taz. If you see him or may know where he is at PLEASE contact my mom at Jannett or message me on here and I'll send her the information.

I've had him since he was a really young puppy. He means a TON to me. Thank you in advance for any information leading to his.
