Rehoming my chiweenie lab puppy. He was born on September 20th and the person we got him from had given them his first shot but he still needs a couple more. I will include a ziploc bag of natural puppy chow we bought, leash and collar. He is not housebroken. There is a rehoming fee. No papers or anything like that. He is very energetic and is a nipper when excited. Not a nervous dog like chihuahuas tend to be. Email me with.
