Have an active mating sugar glider couple. Have produced two litters, both times two babies Just really don't have time for an active couple like this. A lot of time goes into these little folks and I just don't have it. They come with a cage. Two water bottles. Running wheels. Will even throw in another cage for the babies if that's your plan. Need to keep together. They love one another. Best offer. Willing to work out a deal if you want to give up a baby out of their next litter. Cage is six foot long by about five feet tall and about a foot and a half deep. These guys are fun and cuddly. Friendly. Good parents. Rehoming fee of 650.
