

Realtors Sellers Choice Handyman (Anchorage)

Location **Alaska**
<https://www.genclassifieds.com/x-725180-z>

Licensed, Bonded, and Insured

Rob's Services offers full punch list services. I am a licensed Electrician and Certified Real Estate Inspector besides the General Contractor license etc. Many Realtors already use my services to get those punch list completed on time and within budget. And done correctly so there's no call backs.

Can bid on items or do hourly repairs.

Robert Landers 720-2741

Some of the services we offer- home inspections, smooth wall dryer ducting, GFCI installation, crawl space vapor barrier installation, recaulk tub, window and door replacement or repair, ventilation repairs, deck repairs or rebuild, water heater seismic straps, handle ties in electrical panel, leaky drains, carpenter ant damage, rotten wood, handrails and much, much, more. Don't hesitate to ask.

I am licensed but instead of putting my info on here, I like to refer potential customers to the State of Alaska business license search where you should always check if your contractor really is licensed.
