Hi there.

I've had a lot of great experiences in the past doing craigslist rides and hoping for one more. I'm traveling with one small suitcase and a backpack, am happy to help drive a clutch or automatic and am available for conversation and/or quite time. Prefer to spend not more than \$50.

If you call, please leave a message as I am regularly away from my phone for periods of time but I will get back to you however you contact me. I'll delete this post once I've found a ride.

Safe travels,
