

40 miles range electric bike kit (550 USD)

Location **California**
<https://www.genclassifieds.com/x-725255-z>

Please, see the following link for the electric bike kit that I am selling.
<http://www.e-bikerig.com/products/ultra-e-bike-kit-250-series-1.html>
 I purchased it last Oct. I have ridden it on average two days a week and about 10 miles/day.

This kit includes:

- Samsung lithium cells (40 miles on one charge as advertised on Leed e-bike website).
- 700c motorized front wheel kit.
- AC charger

Not include:

- tire, bike, and bike computer (These items are not included in the original kit. I paid extra for them).
- I bought this kit because I had a shorter commute to work, and I am selling it because I started driving again for a much longer commute.
- everything functions properly.
- test drive available.
- selling price is \$550 (original price is \$899 on Leed e-bike website).
- to prevent scammers, usps money order only, we will meet at a local usps).
- local pick-up only
- text if you have any question.
- serious buyers only, price is firm.

***sellers be aware is likely a.
