The establishment hated Reagan, the Republican establishment hated him, well everybody hated him but notably the Republican Party hated Reagan, they didn't like conservatives, still don't.

And they also said Reagan was a dunce. They said Reagan was an idiot. They said Reagan was sleeping through cabinet meetings and Reagan was a B movie actor and he was this or that. It's standard operating procedure.

The way the establishment insults their opponents is to try to tell everybody that they're dumb, they're slow, they're stupid, they're unsophisticated, they're dangerous, you can't trust them, their finger next to the nuclear launch button.

It's the same thing, no matter who the candidate is. It could be Newt Gingrich, it could be Sarah Palin, it could be Ronald Reagan, it could be Trump now, doesn't matter who it is, that's the way they go after and try to disqualify people. - RL
