I am a music industry investor who has been in and around the music industry and financial industry for the last 18 years. Right among other investments i have im looking to put 100,000 each between 2-3 singers who are really ready to get their career going and just dont have the means to do so. When u respond to the ad i will need 3 things. A number to reach you at, marketable pics of you, and a music page or some type of proof of your talent. If u feel you can make it to the level of these 6 women 1) beyonce 2) rihanna 3) katy perry 4) pink 5 ) taylor swift 6) mary j blige then your the type of investment we want to make. For a singer to be successful nowadays you need to have the right look, sound, style, swagger, internet presence, and right team behind you to make that happen. I am looking to bring that to the right singers and make you not just a Singer but a brand as well. Your time is now as their are niches in the marketplace that need to be filled. Feel free to email me back at the craigslist email with everything mentioned above. God
