Photography Project (SLC)

Utah Location https://www.genclassifieds.com/x-729865-z

I'm a young amateur photographer embarking on a big experimental art project, a study of Utah's diverse backgrounds and personalities.

I'm looking for individuals who would be willing to be photographed under their everyday circumstances.

ABSOLUTELY NOTHING is out of bounds; I am NOT an artistically conservative photographer. Anonymity can always be considered and I can travel anywhere in the valley.

(Gen Classificals.com

I can compensate for your time and I could also provide prints, if requested. I'm also willing to collaborate in any way if you might have some ideas.

Please e-mail me if interested. Thanks!
