MERCIAN vintage (200 USD)

Location **Missouri** https://www.genclassifieds.com/x-730223-z

I have had this beautiful bike for 30 years. If you know Mercian then you knowMercian does NOT build junk. This is a big bike! I would rather see a collector or rider enjoy this bike than it just sit here.

The only thing wrong in the pictures is the seat. The seat for this bike is a vintage leather saddle which fits the origins of this bike not the red and black mongoose seat.

If you've got long legs and are looking for a decent bike give me a call!

Selling locally!!
