

Production Design Intern for Short Film Needed

Location **Mississippi**
<https://www.genclassifieds.com/x-730235-z>

Great opportunity for someone who wants a production designer credit and some experience. Looking for someone to possibly assemble and coordinate wardrobe choices with set colors and story/character elements as well as attain, store, and transport props. An anticipated 3-day shoot around the Ocean Springs area in February/March.

Film students, interior decorator/design students, and anyone else welcome. Access to a truck or trailer a plus.

We are a small production, so we can't offer much in the way of pay. But hopefully something of value can be negotiated and.
