MAIL MERGE EXPERT (FARGO ND)

Let me simplify your life!

I am expert at using virtually any electronic data source, including Excel, to create individualized mail merge letters and emails, for any purpose, at a fraction of the cost.

The text of each automatically generated letter or email can be customized by the data.

The mail merge can be reused indefinitely by merely updating the data source.

Example applications:

Christmas letters

Individualized customer past due statements; including multiple invoices.

Notices or advisories to friends, employees, vendors, etc.

Please give me a brief description of your project. I will be happy to provide you with an estimate, suggest opportunities you may not be aware of and will provide you with a free sample.

Satisfaction is.
