This is Baby boy (I'm aware that's a silly name but it fits him honestly) I've had him since he was a little kitten, found him in a box in my apartments, he's about 7 months old now. I don't want to give him up but I have a kitty already and my sister had a dog and our leasing office won't allow more than 2 pets and found out about him.

I'd like him to go somewhere with another car or a small dog, he's grown up with my cat and my sister's dog, I don't want him to be lonely. He's not an outside cat, he likes going on our balconing with us but he does not sleep or go outside for hours, he's an indoor cat. He's very affectionate, he gets jealous if he's in your lap and you're not petting him, he's always knocking my phone down so I'll pet him it's annoying but so cute. He likes sleeping in the bed, he sleeps by my legs at night. Always uses his litter box.

If you think you'd like to add baby boy to your family please email me, I am not asking a rehoming fee but I will ask questions, I want him going to a good.
