Curmudgeonly guitarist with a love of punk/metal/hardcore/hard rock(in all the various silly sub-genres) is looking for other people to get together with and make a racket. I don't care about your talent/experience/age as long as you have a love of and a need to play music, and don't take yourself seriously, but do take the need to play music seriously. Will play covers, would love to work on originals.

Am willing to drive anywhere within ~30 minute radius to play with people of similar attitude.

Some(very little) of what I like:

7 Seconds//Tool/Rancid/Slayer/Cure/Descendents/ Sheer Terror/Old 97s/ Nirvana/Motorhead/Megadeth/Living Colour/ Joy Division/ Jack White/ Cro-Mags/Iggy Pop/Black Sabbath/ Gogol Bordello/ Fugazi/ Elvis/ Dag Nasty/Cars/C.O.C/Clash/Bad Brains/Blondie/Alkaline Trio

Let's play.
