2 car Garage for rent

- Electricity included with 60amp dedicated panel located in garage.
- Both doors have automatic garage door openers. I am not sure if they work or not, but the tenant will need to repair if they would like to utilize it.
- Top level of garage also possible
- Shared driveway with apartment tenants (who don't mind). So you will need to coordinate going in and out with them.
- Single standing 2 car garage not connected to building. 1 door.
