C3500 CHEVY FLATBED (53,000 USD)

Location **South Dakota**
https://www.genclassifieds.com/x-730507-z

Located in St Paul, Minnesota.

This is a 2000 Chevy C3500 with a 350 Vortec Engine. It was a city maintenance vehicle from Omaha, Nebraska from new to 50,000 miles. Then sold at an auction and he put on 500 miles and sold the truck to me in which I've driven the truck 2,000 miles.

In the past month I've done this work to the truck:
New Fuel Pump
New Starter
New Alternator
New Battery
Oil Change
Oil Filter

In the next 1-2 years I'd recommend:
brake pads
roaters
ball joints
windshield
windshield wipers

Body condition is good. Mechanically it's excellent. I've put in most of the work. For a good price someone can steal this. I'm not budging on the price. I had 2 buyers at this exact price before a majority of those fixes. I need to sell the truck before I move so adjusting the costs for those to sell it.

Cosmetically a few dings. crack in the windshield but it never bothered me. passenger side door handle is screwed in. Few body rust spots had been bondo'd and painted a different green, but similar. Some fender flares would be great on this.

Title is clean & In my hand. The truck is legit and has been kept clean. It will run for 200k+ miles if someone drives it right.
