

C3500 CHEVY FLATBED (53,000 USD)

Location **South Dakota**
<https://www.genclassifieds.com/x-730507-z>

Located in St Paul, Minnesota.

This is a 2000 Chevy C3500 with a 350 Vortec Engine. It was a city maintenance vehicle from Omaha, Nebraska from new to 50,000 miles. Then sold at an auction and he put on 500 miles and sold the truck to me in which I've driven the truck 2,000 miles.

In the past month I've done this work to the truck:

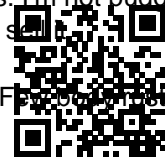

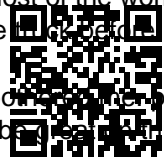

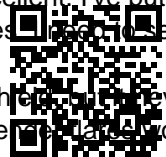

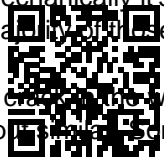

New Fuel Pump
New Starter
New Alternator
New Battery
Oil Change
Oil Filter

In the next 1-2 years I'd recommend:

- brake pads
- roaters
- ball joints
- windshield
- windshield wipers

Body condition is good. Mechanically it's excellent. I've put in most of the work. For a good price someone can steal this. I'm not budging on the price. I had 2 buyers at this exact price for a mainly air hose fixes. I had to sell the truck quick. All moves from selling the truck on hose to sell.

Cosmetically, new wings. Cracked the windshield. I've never bought a car. Passengers side door handle is covered in. Floorboards has spots that needondo done. Painted and color green, but some of some few people could buy it. It is.

Title is clean & In my hand. The truck is legit and has been kept clean. It will run for 200k+ miles if someone drives it right.
