Location **South Carolina** https://www.genclassifieds.com/x-730515-z

I've been a dog lover my entire life! My 2 rescues are my "children". Honestly, I love dogs more than people & they are my passion & steal my heart effortlessly. In my eyes....humans should aspire to be more like dogs. If you want somebody that speaks "dog" and has an immense love for them, to walk, care for or train your "fur kid", then please contact me for a variety of services that I offer. I'm very educated on puppy raising & know many valuable "tricks of the trade". Knowing the right way to train a pup is the key to success. My style is POSITIVE REINFORCEMENT. Your pup will thank you. :) (I would prefer in or around the Forest Acres area, if possible - but will consider outside the area) I can provide veterinary & adoptive shelter references upon request. I am also very educated on how to handle behavior issues and home remedies for various minor health type issues, and I'll be happy to talk to you & advise you on them, based on my personal experience through much research involving trial & error. I have also been very involved with animal advocacy, involving helping with cruelty & abuse cases & I truly love dogs and just want to help them in any way that I.
