Sweet dog, about--- old looking for a good home. We are moving across the country and the dogs where we are staying do not like dogs! They are mainly outdoors but will come inside to snuggle. They are so sweet and we are very sad to not be able to take them with us. They are fixed as well. They are very beautiful boy with pretty blue eyes. Good with kids and nice calm cats, may take some time of course to get used to cats and other pets and animals.bathroom for a few days and let them come out by himself. Only serious inquiries only. We are leaving and would like to find them a good home today. Thank!
