I write songs but am not a very good singer. I would like to find an amazing singer to play with. I know many players and can easily form a band. I have been in many and the singer always seems to be the catch.

here are some of my songs

If you like my vocals, remember that this is all fake. Studio magic, tons of takes, etc. I need someone who can do this stuff live.

You can write your own lyrics and melody if you want. As long as it sounds good, I dont care if you use yours or mine.

If you have songs that you need music for, I could write some. We could trade off. Do one of my songs then one of.
