

Donation from Community to Support Affordable Auto Repair (Ocean View)

Location

Delaware

<https://www.genclassifieds.com/x-730760-z>

Hello,

I am reaching out to the local community in hope of receiving assistance to start a community affordable auto repair shop. Mostly I am hoping to secure a small shop area to perform repairs. Preferably one that could be used for auto repair and commercial or business in nature. So as not to interfere with neighbors or zoning laws. Also donations of tools, diagnostic tools, shop supplies would be greatly appreciated.

This charitable organization would be primarily used as a source for locals within the community to have access to and benefit from a small repair shop offering services at an affordable rate.

Thank you,

Gino
