Pictures will be uploaded by Sunday. Everything has been renovated and updated in this 2 bedroom and 2 bath condo. This has three large closets in the unit. 3 brand new and modern ceiling fans are in every room. Master Bedroom AC. This is a must see and you can own for cheaper than renting. Willing to sell on a contract for deed. Will consider different options for different scenarios but I would prefer to get \$9000 to \$10,000 down, but there are scenarios I would take less. The more you can put down the better. Home has high end renovations, brand new stainless appliances. (not pictured yet as they are being installed Monday the 21st). Real Wood, hand scraped kitchen and hallway floors, oil bronzed faucets and trim, subway tile with mosaic backsplash, All new paint on all walls and trim.

Comes with a detached garage and indoor storage unit. Pics to be updated by the weekend and unit will be complete by early next week. Property has great amenities, including a game room, workout equipment, sauna, and indoor pool. Available for January.
