Three of our other instructors have Masters Degrees in music, and all of our instructors have Bachelor of Music Degrees.

But more importantly, we know how to teach, and we use better methods.

We have STEINWAY, YAMAHA, and BALDWIN pianos. They are tuned 3 times a year and are kept in excellent condition at all times.

We have recitals twice a year, and piano students may enter the National Guild of Piano Teachers Auditions each year.

.....OUR DIRECTOR IS ACCESSIBLE AND EASY TO TALK TO.....

If you ever have questions about anything, you can always talk to your teacher or to the director, Tim Townsend. We are all very friendly, and understand the trials and tribulations of life today. If you ever feel that you need another lesson time, we always give our best effort at rescheduling, and 99% of the time are successful.

You can also always have the teacher you request. Our instructors have taught for us for from 5 to 27 years. We are VERY proud of this record, and think it says a lot about how we treat all people.

We have many testimonials from our students and parents. They talk about lessons, music, and anything else they have to say. There are also some performances at the lesson and at recitals. Please visit our website where there is a link on the "Check it Out" page to our YouTube channel. Please SUBSCRIBE and "like" the videos you watch!!!!

We never edit anything they say out of the video. The editing is for shortening the waits between questions and answers, or shortening the waits between sentences. We ask them their opinion and we put it up. So far, every single parent and student has had completely positive comments. And we've interviewed many, many of them.

TOWNSEND MUSIC SCHOOL offers lessons in piano, voice, singing, violin, viola, flute, guitar, theory and composition.
