

Call For Beautiful Soul

Location **New Hampshire**
<https://www.genclassifieds.com/x-730967-z>

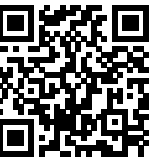

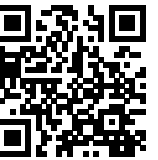

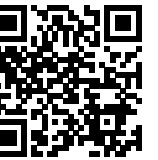

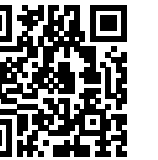

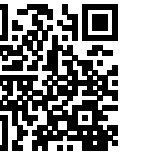

Long term project calls for natural beauty - she's realistic, more humane, and simple in nature and appearance with simple dreams to fulfill. She is a beautiful soul living through experiences. She enjoys living responsibly and openly. She is a composite of energy beautifully wrapped in this human form. She is a wave that is part of the ocean. She is the choice-maker.

Now you can be the face of what you love and believe in. If you are coachable to do promotions and in person appearances for a meaningfully designed tight-net project that will blend your interests, ignite your passion, inspire your divine purpose and put you on the righteous path to pursue your dreams - calls for aspiring talent who's passionate and creative with open availability so they can shine light everywhere. This will be an inspiring and exciting journey (think of someone in the spotlight making a difference not her look but the personality). Pure passion, no inhibitions.

So if you are passionate about something meaningful and looking for ways to pursue your dreams, then you must be ready and willing to set yourself free (take a break for a while from whatever you are doing now) by honestly and sincerely confronting your fears to venture "out of your normal zone" and allow yourself to travel for orientation training and development (provided). It is only then you are the dream candidate for this journey. No experience needed but be smart & creative and absolutely "deeper" in every way. This is not for ordinary talent.

Our goal is to attract the most passionate and creative people at all levels to fill the open slots. If selected, must be free to take off any day now because this project calls for like a 30-day orientation period.

If you feel connection to this concept please reach out it is now or never - for this role you should look 17-19 (17 just to apply), 5'2 to 5'10. Please include a recent head shot and full body image (selfies are welcome), contact number, email address including a brief about your personality and anything else you think that might help me get an idea what you are like as a person. Thanks!
