I have for sale a lightly used Dogtra E -collar, model 280NCP, with a spare rechargeable battery pack. I purchased this collar three years ago on the advice of a trainer, and used it just a few times before deciding to go a different direction for training. Its been sitting around unused since then. Includes collar unit, remote, charger, plastic neck strap and the additional battery pack which was purchased separately. \$150.00 firm for all, which is considerable discount from new. No low ball offers...the item is readily found online for comparison and further.
