Non-profit needs a website. I've offered a template of another site for free, but need a website developer who can modify it with the non-profit's description / information.

Can you? Ready to do it right away. I will pay you, give you good Reference, and otherwise take care of you if you can help take care of this non-profit's needs.

Please let me know your website abilities (what websites have you made), and how you might bid this (\$\_\_ per page, \$\_\_ per hour, \$\_\_ for the job after you get the Template Site and what needs to be changed, ...?), contact info, anything more good to know.

Thank.
