

Established Mobile Auto Repair Business

Location

California

<https://www.genclassifieds.com/x-731307-z>

I'm selling my auto repair business. I first started this business in 2002. I've built a website for it that gets traffic and plenty of phone calls to the office number. My Yelp page is immaculate with all 5 star raving reviews, By purchasing my business you will get the website, phone number, yelp and other online listings, and a flawless reputation that will keep the customers calling. Your purchase will include my help to transfer over all of the above mentioned goods to you. This business does not include any facility or vehicle or tools to conduct automotive repair with. This business naturally attracts clients from the Solano county area. My yelp page and website are top rated for "Auto Repair" on Google. This is a perfect opportunity for a mobile auto repair startup or for a repair shop that needs more customers. Call or text if interested. Serious!!!
