

Pet Sitting Boarding Short Long Term A Special Place For Your Pet (Orlando Area Cassie)

Location **Florida**
<https://www.genclassifieds.com/x-731328-z>

Are you seeking a special place for your pet while your separated for some reason?

My husband and I offer home setting pet sitting / boarding services both short and long term at our home in the Orlando Metro area (Casselberry). I work from home and my husband is semi retired so we have plenty of time to oblige to your pets and their needs.

Our property is over a half acre nicely shaded by oak trees. The property is also surrounded by a 5 foot chain link fence that includes our double gated driveway for your pets safety / security. We own our home and bought it over 17 years ago with our pets in mind at the time and over the years it has provided a safe and secure haven for not only our pets during their lives but many rescued animals. My husband calls it his personal pet oasis and we both work hard to maintain the property's appearance and maintain its secure and safe environment with continues daily up keep. Our property is basically a self contained personal pet park for your pet to enjoy and there is no need to leave it for walks with your pet so they are never exposed to other animals that we have no control over. Many of the pets we watch are kept on leashes for walks during their stay to limit the chance of issues even though our property is fenced.

We pride our selves on providing quality care for your pet (family member) in a safe loving home environment so you can relax knowing your pet is safe and well cared for. We have been involved in providing animal rescue services and pet boarding at home for a number of years now. My husband is in his 50's and animals / pets have always been part of his life and being around them and their well being

has always been both of our passions. When I met my husband over 30 years ago he was in the military and we fell in love over our animals and how well they played in with our military life. We have a commitment to each other over 30 years now that includes our pets and our passion for them has not faded over the years. We have some great times and wonderful memories and friendships! We will be the ones to take care of our family pets in those moments.

Our schedules are both very flexible and we invite both you and your pet to our home for a meet and greet even if your not in need of immediate pet sitting services you might be at some point and we rush around last minute. We are available 7 days a week and because we work with animal rescue agencies our home is always subject to inspections. We are active members of the pet community and have made our selves and home available on a moments notice because animals need not only our support but the support of the community at times.

A QR code is positioned on the left side of the page. To its right, the text 'Pet Sitting BoardingShort-long TermA Special Place For Your Pet (Orlando Area Casselberry)' is displayed, followed by the website URL 'https://www.genclassefieds.com/x-731328-z'.

A row of six QR codes, each linking to a different pet sitting service page on PetSitterClassifieds.com. Contact us for info including rates and our address etc. Our pet sitting rates are based on each pet and their specific needs but most pets are \$15 ~ \$25 or less per night and we offer multiple discounts that include multi pet and duration of stay discounts. We guarantee your pet will get much more attention, will be more comfortable, eat better and have less stress in our home environment than at any vets office or kennel type setting. Pets need love and attention 24 hours a day sometimes and most vet offices and kennels have unattended hours where they might not even be staffed.

We also offer pick up and drop off services for all size pets to and from our location for a small fee if needed. We are available 24 hours a day for emergency situations because we know things happen at all hours.

We look forward to possibly being of service to you and your pets!

Call, text or email us for additional info or questions
