He is six months old. He has a rooster collar. We have to get rid of him that's what he is so cheap. He is gorgeous. He is actually nice to the hens and "fast" if you know what I mean. Like 15 secs max. Please contact us asap, he needs to get GONE very soon, neighbors are fed up. He will not be free, he wasn't free to me. I knew he would be a rooster but I thought that the CROW COLLAR that was 27.00 would quite him enough that we could breed and sell Lavenders.
 By the way, these pictures are from about July or August. He is bigger and more beautiful now. Let us know if you would like to come meet him. He doesn't like to be caught but he was hand raised and can be handled without being pecked. He's an all around great rooster. I wish we lived in the country!!! He's the sweetest and "fastest" rooster we have ever had.
