Are you tired of working your life away? Are you sick of not earning what you are really worth? Are you looking to develop and grow as a LEADER? Do you desire to make a DIFFERENCE and help people while being well compensated for it? If you have answered YES to any of the above questions, we have an opportunity for you. We are DIFFERENT than all of the other companies in our industry, or any industry for that matter.

What makes us DIFFERENT: We are in the LEADERSHIP development business. We provide training and education through a proven system to grow our people into the best leaders and business owners in the industry. We SUPPORT each other with constant mentorship and association. We provide you the immediate opportunity to build your business on the back of an 8 TRILLION DOLLAR industry. We don't work our lives away! We focus on TRUE WEALTH. True wealth is having MONEY and TIME.Our Lead system: We have leads, and a tried and true system to maximize your profits. Our company invests the majority of its resources on generating quality leads for our people. We only meet with people that are asking for what we offer and have verified they have the income and the desire to protect their family and improve their security. We only work with people that want us to help them!!!

***Our Support system: No one want to be alone in their career. We value each and every one of our leaders and we back our people with an abundance of training systems and opportunities to associate with others in the company. The best part about our company is we all get to surround ourselves with like- minded and ultra-successful people in our industry. We are all alike in that we have a passion to help others and we have a desire to live in a total abundance of true wealth. We lead by example, and we all start on the same playing field. There are no politics or drama in our company. Our number one priority is to get you started and get you paid, as fast as possible. We don't make money until you make money.

***The Future: We are part of an 8 TRILLION dollar industry. We have doubled in size every year over the last 6 years, and there are no signs of that stopping. We have taken a company from a few hundred thousand in sales in its first year to over $30 million in under 6 years. Our client base covers over 80 million Americans, and this year we have gotten to about 40,000. We are still on the ground floor, and we are growing rapidly.

***ACHIEVING BALANCE: We believe BALANCE is one of the most important achievements one can experience with our company. Personally, I left Corporate America this past year after a very successful career in retail sales, earning just under $200,000 annually. I had the money, but no time to enjoy it. My old "career" was taking my life from me. I was trading my time for money. I worked 60-70+ hours a week, and had to deal with constant pressure from management and ownership to constantly preform. I was making someone else wealthy, and I was giving up all of my time and energy to do it. My two young children barely knew their father, and I knew that I wasn't being the father and husband I should be. Not only do I have my life back because I work out of my home, I have not skipped a beat in personal income. Making money is great, but there are even more important things in life, and our company puts a strong focus on finding that balance.

***IS THIS FOR ME? I don't know, so let's have a conversation and see if you are a fit. Please visit our website at www.SFGMDW.com and watch our corporate overview. If you think you might be a good fit for us, please apply now or call Tom Hall at to schedule an interview! Eventually you will need an insurance license, but don't worry, we will help you get!
