Hard to believe that the New Year is upon us!

It has been 4-years since my last confession, :) Okay since I had sex, and it is driving me crazy!

I look at women and think, she would be good, wonder if she gives good head or a nice tit or hand job.

Sick you say, what about the alcoholic or drug addict its the same, just mine is wanting to have sex and yes if possible I want to lay in bed and have you caress me all day.

Merry
