"As a businessman I have seen countless resume's. Charlene Simard is the resume' Rembrandt. Each and every single one she creates is it's own unique masterpiece. Just on a hunch I checked the top 5 websites and found what I already knew to be true. No one even comes close to her skill and psychological perfection. She will make you believe in magic!"

Jeff James

"Hey Charlene,
I wanted to drop you a note and let you know I was offered my "best case scenario" job last week! I will be working PT, every other weekend at a treatment center here in Charlotte.
In fact, the hiring manager made note of the the bullet point outlining my conversation with "Bob". She said that is the exact kind of nurse she was looking for. One that would step out of the nursing office and interact with the residents.
So thank you, thank you , thank you!"

Joe S
