Tanisha is a blond beauty with sparkling green eyes. Tanisha enjoys fetch, would make a great jogging partner and is very affectionate with people. When Tanisha first came to the shelter she was evaluated and was tagged as a potential therapy dog! Talk about potential!! She walks by your side nicely on the leash, playful with toys, takes care of her business as soon as she gets outside and enjoys agility equipment. She is selective with dogs, so a meet n greet would be required if you have another pet.

Tanisha landed at the shelter when she was found tied up to someone's front porch! No collar, no ID, stuck on the property of someone who didn't know who she was, and where she came from. What we CAN tell you about Tanisha is that she needs a forever home where she will be loved, feel safe, and be taught how to be a dog A place where she will finally get a chance to enjoy life!! Please come meet her TODAY! Contact
