Hello,

My name is Brooke and I am almost 28 years old and I have 9 years of full time experience in caring for young children. I am moving to central Jersey in March and will be available full time beginning then.

My last job involved taking care of a 2 and 1/2 year old, whom I took care of since she was 5 months old and my previous position, I cared for three children, 8, 6, and 3 from 2007-2013.

Taking care of young children, especially babies, is rewarding but sometimes challenging. Over the years, I have developed special techniques that prove useful in calming young babies, including the most restless ones.

My past employers have all been very happy with my work and have often complimented me on my expertise in taking care of young children. I completed a CPR and First Aid training before I took my first job as nanny and have since then kept my certifications up to date. I believe such knowledge is important for a nanny and can be a life saver in case of an injury or accident.

My 9 years of experience in this field, I am confident I would make a good candidate for any position. I do not mind doing household chores that do not correlate to the care of children. I have a friendly, outgoing and caring demeanor and enjoy working with others.

Warm regards,
