I'm in search of a cat or kitten that gets along well with other cats. I have one cat at home that's a female and would prefer to get another female if possible. If male MUST be neutered and must have proof. If female it doesn't matter. I am willing to pay a small rehoming fee to prove he/she is going to a good home. Please text/call my number above or email me if you have any cats or kittens for sale. PS I live in Hastings Nebraska and am willing to travel. Thank!
