I'm a male college student looking to make some money. I've come upon hard times, so I'm looking for any options to make some money. I'm in decent physical shape an have good mechanical skills. I have some experience with automotive repairs, woodworking, metalworking, and general household repairs. I'm good at figuring things out. Let me know if you need any help with anything, I'm open to suggestions for ways to earn money. Thanks for
