Room for Rent Opening early January 2016.

Room for rent in a nice large fully-furnished elegant home (bedroom unfurnished but we do have a bed if needed). Large stocked eat-in kitchen with table, fully furnished formal living room with decorative fireplace and tall ceilings, laundry room with washer and dryer, porch and pretty yard (no smoking/vaping/drugs), etc. Tastefully decorated and well-account home in an established neighborhood. Very quiet and private custom home in a nice quiet neighborhood.

House is located in a nice quiet upscale and established neighborhood in far NW OKC/Edmond, with easy access to the mall, shopping, movies, restaurants, turnpike, highway, Lake Hefner, Mercy Hospital, etc. Not a rental neighborhood, nicely landscaped and pretty. Not a new home, but cheap living in an upscale, safe, and quiet community in an idea neighborhood with convenient NW OKC/Edmond location. We've got everything: furniture, Keurig, dishes, washer/dryer, so it's great for short-term or long-term stays.

Rent/utilities total \$450 per person all inclusive bills paid (rent, wi-fi internet, water, electric, natural gas, mowing), so long as we all stay efficient with utilities (if you want the house 75 degrees in the winter or desire cable/maid service, that's on you. :)). Single Occupancy per Bedroom Only here in each room here only, with shared baths & fully-furnished common areas. Platonic pleasant busy adults here, career-oriented, drama-free, very tidy and quiet who stay busy with work and don't see each other much and do our own thing.

Ideal for short-term as the common areas are fully stocked furnished. Perfect for serious student or visiting medical intern as it's nice, quiet, safe, and elegant and near NW OKC hospitals (Mercy, Integris). Busy professionals also welcome, our home is a quiet private haven to come after a long day at work.

~~Quiet, relaxing, responsible atmosphere with plenty of privacy and quiet. Single Occupancy Per Bedroom Only here, not a party home. No Smoking/Vaping/Drugs on the property/yard. Perfect neighbors who are extremely quiet, respectable, classy professionals, with nicely manicured lawns and large custom homes. No preference of...~~

Under/adjacent portion of our safe roommate, but we do have a fully valuable daytime job/collaboration at the home day into and your own vehicle (like car, nearby, bike, skateboard/bicycle, etc.) in winter weather, and no dogs or serious animals. Easy access to street parking for your vehicle, it's safe close neighborhood. We value our mutual privacy, and safety. We are pleasant, calm full-time professionals living in industries with low career risk and pay quiet life style/prettiness animal guests, stress-free, busy, busy work/life school/home and can't see each other too much. No smoking/vaping allowed 420/etc. on the property or grounds. You could probably describe us as "very tidy/fairly clean." We all pitch in to help keep the common areas clean. Youngish-but-established; no age preference as we've had a variety of ages over the years. We can have any uncrate dogs running around (dog would always have to be crated in your room when you're at home- no size preference so long as they're crated), and we are able to accept any cats. Fish are also welcome! Gardens are also welcome, we may have large yard if you fit into that. We have the lawn professionally mowed. Great neighborhood for jogging, dog walking, etc. Common areas fully-furnished and stocked so you'll just need your bedroom furniture-- we can partially furnish your bedroom with a bed and odds/ends you'd like.
