You will have all the perks of living in a house with a great yard but not have to worry about taking on the responsibility of a huge rent payment. We have a room for rent in a few weeks. Empty bedroom but we have some things you can use if you'd like. Non-smoker/non-vaping only, we're very allergic and the property/grounds is non-smoking. Please have a daytime job/college and normal rental history (no evictions). Single occupancy only in each bedroom here, with platonic housemates and shared common areas. Plenty of privacy and quiet, great place to study or relax.

**The house:**

- â€¢ Fully furnished!
- â€¢ Shared Kitchen, living, laundry, baths
- â€¢ Pretty, safe, quiet & nice neighborhood
- â€¢ Short-term or Long-Term Welcome

**The Roommates:**

â€¢ All quiet, busy young professionals with college degrees and full time jobs; we're young-but established professionals-- we don't care what age of adult or gender you are so any age adult welcome. Mid-20s to mid-40s might be an ideal match, or just someone seeking a quiet, tidy, private home to come to after work. We've had a variety of ages/genders over the years. Students welcome.

â€¢ Don't see each other too much, stay busy with our jobs/studies/hobbies, not party types, drug-free responsible, pleasant, drama-free, quiet, work days/sleep nights - seek the same in a housemate.

- â€¢ Very tidy and quiet, private home lifestyle

Email me with as much information about yourself as you'd like to know if you where choosing a new.
