Looking for dedicated baseball players ages 13-15 for a South Philadelphia hardball baseball league that will begin practice mid March. Season will begin mid April to mid June (2016). I currently coach for a league/team in South Philly for the past 5 seasons, but I would like to bring in my own team this season. I am looking for a couple hard throwing pitchers, an alert catcher who is aware at all times, and some power hitters. There will be a try out period to make the team. We will also coach you in areas that you believe you would need help in, but we are looking for somewhat experienced to very experienced baseball players who WANT TO PLAY BASEBALL. If your child is interested in playing, please contact me with any questions!!
